

# Sovereign Credentials Proposal

Roberto E. Zubieta - Panama City, Republic of Panama

# Sovereign Identity

- Identity bound to Smart Citizenship Card
- Similar to Estonia
- Each card has its own ID  
(0x5564b2b629031fe3bf2148c9b3e61bb  
9d2632cb2, Based on the Public Key)

# Blockchain Backend

- Ethereum Blockchain.
- ERC-1155. (<https://github.com/enjin/erc-1155>)
  - Allows multiple types of tokens inside the same contract.
  - Allows on-demand creation of new token types.
- Each certification (AKA: vaccination) is a NFT.
